Profile

Versatile Software Developer excelling in frontend (HTML, CSS, JavaScript, React, Svelte) and backend (Node.js, Express.js, MongoDB, PostgreSQL). Adept at crafting user-centric interfaces, tackling complex challenges, and dedicated to ongoing full-stack proficiency. Eager to contribute expertise to dynamic projects while fostering continuous personal and professional development.

Professional Experience

Backend Developer (Team Lead)

2023 Oct – present | Lagos, Nigeria

Techsterverse

- Lead and mentor a team of backend developers, fostering a collaborative and productive work environment.
- Spearheaded backend development using Node.js, ensuring scalable and efficient server-side applications.
- Designs and maintains relational databases using PostgreSQL, optimizing data models for efficient query performance.
- Collaborate with product managers and stakeholders to understand project requirements and translate them into technical specifications.

Full Stack Software Engineer (Intern)

2023 Oct – 2023 Dec | Lagos, Nigeria

3NITI X KORPS

- Leveraging diverse technologies for comprehensive development, spanning front-end (React) and back-end (Node.js, Express)
- Crafting scalable and efficient SQL database structures to underpin data-driven applications
- Building RESTful APIs and microservices to facilitate seamless data communication across front-end and back-end systems
- Ensuring code excellence through meticulous testing, debugging, and rigorous code reviews
- Active participation in agile methodologies, employing Scrum for iterative and incremental feature delivery

Web Developer (contract)

2023 Aug – 2023 Oct | Lagos, Nigeria

AIBOX SYSTEMS LIMITED

- Designed and built sleek and efficient user interfaces using the Svelte and react framework.
- Successfully integrated various APIs to facilitate smooth data flow between the frontend and backend systems.
- Worked closely with cross-functional teams to understand project requirements and deliver solutions aligned with business objectives.

Inventory Manager

2019 Dec – 2022 Jul | Lagos, Nigeria

AB INBEV AFA PROSERV LIMITED

- Managed drinks and alcohol inventory, ensuring accuracy, timely restocking, and optimal levels.
- Coordinated orders, collaborated with suppliers, and maintained relationships to prevent stock outs.

- Ensured alcohol product quality and compliance with industry standards and regulations.
- Investigated and resolved inventory discrepancies promptly, implementing corrective actions for improved accuracy.

Education
